

Sewer Treatment Facility Announcement

Cultus Lake, BC: Cultus Lake Park Board and staff are pleased and excited about today's announcement of a \$10 million dollar Grant related to the construction of the new Cultus Lake North sewer treatment facility.

All proceedings with respect to the legalities regarding the sewer treatment facility have now been resolved.

The Cultus Lake Park Board is looking forward to working with our partners, the Fraser Valley Regional District Board, and staff to complete this extremely important project over the next few months.

We are confident that with the original assent vote for the borrowing of \$6.5 million dollars and the Grant announcement made today that we will be able to complete this project and take great steps to preserving lake health over the long term.
