

# COMMUNICATION

# IS KEY

Cultus Lake Park Board and staff are committed to open and transparent communication and keeping you informed. As we head into 2024, we continue to source avenues to share information with our community. There are multiple ways to stay up to date on important information.

***The following are some options to find details on business in the park.***

**Regular Meetings** are hosted by the Board on the **third Wednesday of each month at 7:00 pm**, open to members of the public to attend either in person or electronically via Zoom. Agenda packages are available on the park's website, app, and Facebook page on the Friday prior to the meeting date for public review. If you are unable to attend a meeting, you can find minutes and video links on the park's website, app and you can review the meeting's recap shared on the park's Facebook page.

You will find **current and historical information for both residents, seasonal campers, and guests alike on the park's website**. We are currently working on ways to improve on the customer experience by creating a quick link to contact information, details and reservation links for Sunnyside Campground and cabins, parking information, and what's going on in the park!

**Do you have our app?** The Cultus Lake Park app provides quick access to information such as an events calendar, garbage collection schedule, and the most recent information notifications. You can enable push notifications to receive instant alerts during emergencies and wildlife sightings. We encourage residents to use the app when reporting concerns and/or issues throughout the park.

**Have you signed up for our news?** Staff issue notices to subscribers to keep the community informed of changes such as Townhall meetings, bylaws, policies, construction/traffic delays/closures, office closures, park improvements, etc. Visit the bottom of the park's website to subscribe for email updates.

**Facebook** is another tool, with content related to Committee initiatives, special events, Fire Department accomplishments, and FVRD news, to name a few. Search for Cultus Lake Park and click Follow to have our updates on your News Feed.
